Message from the President

San Angelo Federal Credit Union's 79th Annual Membership Meeting was held on February 27, 2018. We celebrated another profitable year. *Thank YOU* - our members - for placing your trust in SAFCU!

SAFCU upgraded our internet banking platform to Mobicint, a unified Mobile and Internet Banking experience at your fingertips. Have you downloaded SAFCU's Mobile App? It is FREE to download, and available in the app store for your Apple or Android device. You can be sure to stay connected to your account, and have the convenience to access your account while you are on the go. One new feature with the Mobile App is Bill Pay. Once you have your bills set up in Bill Pay, you can pay your bills from the convenience of your mobile device. On the desktop version, the other new features that you may have noticed under the menu for your Online Banking are External Accounts, Secure Messaging, and eAlerts.

- **External Accounts** - if you have another account with a different financial institution, you can easily transfer money between the two accounts without using Bill Pay. Once you complete the verification process and link the other account to your SAFCU account, you can access "External Accounts" from the Transfer menu.
- You can utilize Secure Messaging to send SAFCU a question on your account - securely and without risk of compromising your personal account information.
- Another nice feature is eAlerts. This can be customized to fit your financial needs. You can establish an alert that will send an email or text for any transaction on your account, or notify you if your balance falls below a certain dollar amount.

If you have any questions regarding your internet banking, please contact our Member Service Department.
