Message from the President

San Angelo Federal Credit Union's 78th Annual Membership Meeting was held on March 14, 2017. We celebrated another profitable year. *Thank YOU* - our members - for placing your trust in SAFCU!

SAFCU cares about your security. Effective June 1, 2017, as your debit card expires you will receive a new EMV chip card. The chip card will not prevent all fraudulent purchases; with debit card fraud on the rise, we ask for your help to combat this fraud. Here are some helpful tips to protect your account and your identity from theft:

- "Skimmers" have been located inside ATM's and gas station pumps. If a machine appears to be tampered with, alert the authorities and don't use that machine.
- Shield the keypad with your hand when entering your PIN at an ATM or gas pump.
- Check your account regularly. If you see something irregular, contact your credit union to discuss it.
- Keep your current phone number and address up to date on your account. Our member service reps or after hours fraud team will attempt to call you concerning suspicious activity on your debit card.
- "Phishing Awareness" - if you receive an unexpected email, or one you consider suspicious, delete it. Remember: your credit union will NEVER email you and ask you to go to another site to "verify information".
- Change your passwords every 90 days. Experts advise a combination of letters and numbers.
- We recommend using a Credit Card for any online purchases. Our MasterCard credit card offers a fixed interest rate and no annual fee. See our Loan Department to apply for a Credit Card.
- Check your credit report at least annually. For a free report, visit: www.annualcreditreport.com
