### Message from the President

2020 has been an interesting year (to say the least)! When we made the tough decision to close our Credit Union lobby's at the end of March, we had no idea that the pandemic would last this long. We have all worked to navigate troubled and uncharted waters. We adapted our procedures to continue to meet our member's financial needs, as we transitioned to provide all products and services at the drive thru to minimize direct contact and exposure in hopes to remain healthy. It's been inspiring to watch and be a part of such an amazing team sharing a common purpose.

We are moving forward by enhancing our digital products! We introduced CardNav, which provides direct control over your debit card. We also enhanced our product suite by offering eDoc, an electronic signature option to provide ease and convenience for completing your loan documents.

As we have kept our lobby's closed, we have begun a re-beautification project for the main office, and will continue with the loan department building in 2021. Rising coronavirus cases in the recent weeks have reawakened feelings of uncertainty. Now that there is a COVID-19 vaccine, we are hopeful for a brighter New Year!

I am thankful for your trust and continued membership. SAFCU has worked diligently and faithfully on your behalf to ensure that your credit union remains a healthy and stable financial institution. We will keep you informed about the direction for our Annual Membership Meeting. Please continue to monitor our website and FaceBook page. Wishing you health and prosperity, Laura Whisenhunt

**Have you downloaded the SAFCU app for CardNav (by CO-OP)**

The CardNav product is a separate app that will allow you to set how, when and  
where your debit card is used (via smartphone), providing immediate security  
and control. You can set your card preferences and receive convenient, in-app updates  
to monitor card usage and track your spending. It's FREE - download it today!

**Protect your cards  
with realtime  
control.**

Can't find your card?

Don't worry - You can instantly  
turn your card OFF with CardNav.

Set a location boundary where  
your card can only be used.

Restrict the card from certain merchant  
types (ie: online purchases).

Keep the card active only  
around your immediate location.

Get instant alerts each time  
your card is used.
